

# Cyber Threats to Supply Chains COVID-19 Edition

21 August 2020

*“Cybercriminals are developing and boosting their attacks at an alarming pace, exploiting the fear and uncertainty caused by the unstable social and economic situation created by COVID-19.”*

**Jürgen Stock, INTERPOL Secretary General**

# FBI sees major spike in coronavirus-related cyber threats

# Supply Chains and Cyber:

- Every supply chain relies on cyber
  - Efficiency
  - Competitiveness
- Potential theft of critical data – not just *theirs* but *yours*
- Potential disruption – only takes one
- Not just an IT problem...

**PROCESS<sup>1</sup> - PEOPLE - PRODUCTS**

1 – including member selection and vetting

# Supply Chain Cyber @ CIRI:

- Mobile Telecom/5G Supply Chain (vendors)
- End-to-End Mobile Telecom/5G Supply Chain (technology)
- Cyber Secure Dashboard (cyber risk management)
- Port Disruptions Tool (maritime ports/shipping)
- Business Resilience Calculator (economic resilience)
